

School Authority Acceptance Availability of Mid-Year Home Education Students

as of Nov 22, 2019

Please note: You do NOT have to sign up with a new school authority to register your child as a home education student. You can simply send in a Home Education Notification Form to your existing school for the remainder of the year. This notifies them that you will be taking on the responsibility of providing your child with an education and it takes them off the “Truancy” list. The school will remain “the supervising school authority” for your home education program. Then you can switch for next Fall. The Home Education Notification form can be found here:
